

21 September 2021

Dear Parents and Carers,

It has been wonderful to see Y11 students return to school with an excellent attitude to learning this September; they have really impressed staff with their willingness to learn and determination to succeed.

As this is an important and pivotal year for your children in Y11, we would like to invite you to an information evening on Wednesday 29th September, from 6 pm to 7 pm.

The intention of this information evening is to share the following:

- Key dates throughout the year
- Expectations in lessons and for homework
- Advice on helping your child manage the challenges of y11
- An overview from English, Maths and Science on what your child will need to do to reach their potential in these subjects
- The opportunity to speak to the Curriculum Leaders for English, Maths and Science

If you are unable to attend the evening, we shall provide links for the website, with the information that has been shared.

Your children will be sitting assessments in all of their subjects during the fortnight beginning 11th October. These assessments will help their teachers to know what knowledge and skills they will need to prioritise, in order that our students achieve their very best over this next year. The students will receive information from their subject teachers, on what they need to revise, and how best to do this. This information will also be available of the school website.

As always, if you have any questions, please do not hesitate to contact your child's tutor, in the first instance.

Kind regards,

Mrs Brett
Deputy Headteacher
